Portfolio: <https://que-portfolio.vercel.app/>

Objective

Computer Science graduate with knowledge in programming, web development, databases, and system development. Seeking an entry-level position where I can apply my technical knowledge, problem-solving skills, and hands-on experience in developing computer-based systems.

Project Experience

E-Clearance Management System

Full-Stack Web Development

- Developed a web-based clearance management system using PHP, MySQL, HTML, CSS, and JavaScript.
- Designed and managed relational databases to support student, department, and clearance records.
- Tested system functionality, identified errors, and implemented fixes to improve system reliability.

Smart Classroom Seat Generator

Front-End Development

- Designed and developed an automated seating arrangement generator using JavaScript.
- Tested system functionality and resolved issues to ensure accurate seating assignments.

Education

Bachelor of Science in Computer Science

St. Clare College

2022–2026

Technical Skills

- **Programming:** Java, Python, JavaScript (Basic)
- **Web Development:** HTML, CSS, PHP
- **Database:** MySQL, SQL
- **Tools:** Microsoft Office, Google Workspace, Visual Studio Code, Draw.io, Sublime Text, Power BI

Certifications

- JavaScript Algorithms and Data Structures – freecodeCamp
- Java Programming 2 – CodeChum
- Introduction to CSS – TESDA
