

## Skills

---

- Programming (Python and JavaScript (Basic))
- Web Development (HTML, CSS, PHP, Responsive Web Design)
- Database (MySQL, SQL, Database Design, CRUD operations)
- Data Analytics (Microsoft Excel Data Cleaning, Pivot Tables) Power BI (Dashboard Creation, Data Visualization)
- System Design (Use Case Diagram, Activity Diagram, ERD)

## Projects

---

### E-CLEARANCE MANAGEMENT SYSTEM – Academic Project – Full-Stack Web Development 2026

- Developed a web-based clearance management system using **PHP, MySQL, HTML, CSS, and JavaScript** to digitize the student clearance process.
- Designed a relational database to manage **student, department, and clearance records**.
- Tested system functionality, identified errors, and implemented fixes to improve system reliability.

### SMART CLASSROOM SEAT GENERATOR – Personal Project – Front-End Development 2026

- Designed and developed an automated seating arrangement generator using **JavaScript**, applying programming logic to generate classroom seat assignments.
- Tested system functionality and resolved issues to ensure **accurate seating assignments**.

### BIKE SALES DATA ANALYSIS & DASHBOARD – Personal Project – Data Analysis 2026

- Cleaned and analyzed customer sales data using **Microsoft Excel** to identify patterns in bike purchasing behavior.
- Created **Pivot Tables and an interactive dashboard** to visualize customer demographics, income, commute distance, and bike purchases.

### AIRBNB DATA ANALYSIS & DASHBOARD – Personal Project – Data Analysis & Visualization 2026

- Analyzed Airbnb listing, review, and calendar data using **Tableau** to explore pricing, availability, and listing trends.
- Created interactive **visualizations and dashboards** to present key insights from the dataset.

### DATA PROFESSIONAL SURVEY BREAKDOWN – Personal Project – Data Analysis & Visualization 2026

- Analyzed survey data from data professionals using **Power BI** to explore job roles, salaries, programming languages, and career-related insights.
- Created an interactive **dashboard** to visualize and compare key findings from the survey data.

## Certifications

---

- JavaScript Algorithm and Data Structures – freeCodeCamp
- Java Programming 2 – CodeChum
- Introduction to CSS – TESDA
- Data Analyst Bootcamp — Alex the Analyst

## Education

---

### BACHELOR OF SCIENCE IN COMPUTER SCIENCE

2022 - 2026

St. Clare College — Caloocan City, Philippines
